## HOROSCOPES

**CAPRICORN**  
December 22–January 19

Clear your conscience, Capricorn. Let others know of your mistake and express your regrets. If you don't, it will eat away at you bit by bit.

**AQUARIUS**  
January 20–February 18

Work takes over, and you push full steam ahead. Fishing for information at home turns up nothing. Leave it be, Aquarius. A phone call sets the stage for an interesting weekend.

**PISCES**  
February 19–March 20

You have moved into new territory, and it will pay for you to watch and learn, Pisces. An old friend drops by and whisks you away to a winter wonderland.

**ARIES**  
March 21–April 19

The time has come for you to make your big move, Aries. Cast aside all self-doubts and take the plunge. New digs call for new designs. Make wise purchases.

**TAURUS**  
April 20–May 20

Nonsense, Taurus. What is good for the goose is not good for the gander. Concentrate on your self and let others make their own decisions.

**GEMINI**  
May 21–June 21

Your financial outlook has improved more than you realize, Gemini. Take the time to find out why. A gargantuan task requires a gargantuan effort.

**CANCER**  
June 22–July 22

Advice is not in short supply. Some is better than others, so take the time to sort it out, Cancer. Your love life perks up with a long-awaited gift.

**LEO**  
July 23–August 22

Not happy with the way a project is going at home? Speak up now, Leo, or forever hold your peace. Change cannot be implemented later.

**VIRGO**  
August 23–September 22

An addition to the family gives everyone a reason to smile, including you, Virgo. Chaos ensues at work with a phone call. Try not to get drawn into the fire.

**LIBRA**  
September 23–October 22

You may be quick, but that doesn't mean everyone else is. Make your intentions clear, Libra, and leave no room for error. A change of venue calls for different activities.

**SCORPIO**  
October 23–November 21

Experience matters, Scorpio, so don't overlook it in favor of skill. You are given a pivotal role in a charity function. Perform with gusto. A friend shares good news.

**SAGITTARIUS**  
November 22–December 21

Back off, Sagittarius. You have interfered too much already. Fitness goals are within reach. Keep at it. A young friend sends you a puzzling note.
