THIS WEEK'S ANSWERS:

HOROSCOPES

CAPRICORN
December 22-
January 19

Carpe diem is your motto this week. There is nothing you can't do, Capricorn. A friend makes remarkable progress. Invite them over for a little celebration.

AQUARIUS
January 20-
February 18

Less talk and more walk, Aquarius. You can talk about it all you want, but no one is going to listen until you get busy and prove to them there are merits.

PISCES
February 19-
March 20

Your opinion matters, Pisces, so go ahead and say what you think. It may ruffle some feathers, but perhaps that's what's needed to get the job underway.

ARIES
March 21-
April 19

Aim high, Aries. You have the finesse to pull it off. A long paper trail at home clues you in to teen angst. Proceed with caution. A deadline creeps up.

TAURUS
April 20-
May 20

Stick to your guns, Taurus. Your instincts are right. An opportunity knocks. Don't answer unless you're ready to heed the call. A new do is a welcome change.

GEMINI
May 21-
June 21

Business takes a back seat to pleasure this week, and you surprise the love of your life with a trip someplace nice. Bon voyage, Gemini. Enjoy!

CANCER
June 22-
July 22

Whom do you really trust, Cancer? Better answer the question before you sign on the dotted line. The deal might not be as juicy as it was presented.

LEO
July 23-
August 22

Snap out of it, Leo. You've stayed in your comfort zone for far too long. Take the plunge and you will come out on top. An auto issue gets ugly.

VIRGO
August 23-
September 22

The cornerstone of your belief system is put to the test this week with the arrival of a foe. Stand firm, Virgo. Money matters begin to look up.

LIBRA
September 23-
October 22

The urge to go green hits, and you rush to make things around your home more ecofriendly. You may not see it now, Libra, but it will make a difference in your bottom line.

SCORPIO
October 23-
November 21

No pain, no gain, Scorpio, so get with it. Push hard to take your fitness routine to another level, and you will see results. A long-lost friend returns with a story to tell.

SAGITTARIUS
November 22-
December 21

Uh-uh-uh, Sagittarius. It's not your place to pick up the pieces, so don't. Leave it to someone else to do and focus on matters at hand. An e-mail piques your curiosity.
